

## DIVISION 1 - GENERAL REQUIREMENTS

### SECTION 01015

#### SPECIAL PROJECT PROCEDURES

##### PART 1 - GENERAL

###### 1.1 PERMITS

- A. The Contractor shall be responsible for securing all permits and pay permit and inspection fees from the Virginia Department of Transportation (VDOT) and from Loudoun County and for abiding by all conditions in the permits.

###### 1.2 PROTECTION OF TREES AND SHRUBS

- A. The Contractor shall take precautions to protect trees and shrubs from damage during construction by following the tree protection measures on the plans and as described herein. The following conditions will apply in addition to those measures:
  - 1. The Contractor shall replace in kind any and all vegetation (trees, shrubs, plants) damaged by his work that was located outside of easements and temporary construction strips or designated to be saved.
  - 2. All Areas: The Contractor shall not remove any "heritage" species vegetation without prior authorization of the owner or his inspector.

###### 1.3 WATER FOR PRESSURE TESTING

- A. The Contractor shall provide the potable water necessary for testing the lines.

###### 1.4 TRAFFIC CONTROL

- A. Contractor shall maintain at least one-way traffic along all public roads at all times during construction activities. The Contractor shall provide personnel to direct traffic as may be necessary to maintain traffic flow.
- B. During non-construction hours, two-way traffic shall be maintained on all public roads.

###### 1.5 MISCELLANEOUS

- A. Prior to the start of construction, the Contractor shall verify the location of existing utilities by contacting "MISS UTILITY".

- B. Debris and rubbish caused by construction operations and employees shall be collected daily and disposed of off-site in a suitable manner at appropriate locations.
- C. Provide a toilet for workers at each pump station site.
- D. Contractor is responsible for adherence to all applicable federal, state, and local requirements, restrictions, permits etc. including OSHA standards, throughout the project and shall provide Owner with written evidence of same. This shall include all applicable Confined Space Entry standards and procedures. Contractor shall be solely responsible for familiarizing him/herself with all such applicable laws and ordinances and safety regulations and procedures.

## PART 2 - PRODUCTS

- A. General: Materials shall conform to Applicable Sections of Divisions 2 through 16.

## PART 3 - EXECUTION - Not Applicable
